I'm please to announce a new addition to my lessons as well as fitting capabilities. We've recently purchased a [GC Quad Launch Monitor](#). This unit has Head Measurement Technology and allows us to capture the head at the impact position. Services that will be offered:

- Bag Mapping - \$50
- Iron Fitting - \$50 (Free with a purchase of a set)
- Driver Fitting - \$50 (Free with a purchase of a driver)
- Range Use on Quad (indoor only) - \$45 per hour (availability may be limited)
- Private lessons with indoor and outdoor applications available

If you are interested in seeing how the monitor works, please don't hesitate to set up an appointment with me to give you a demo.
